Roundtable Sessions

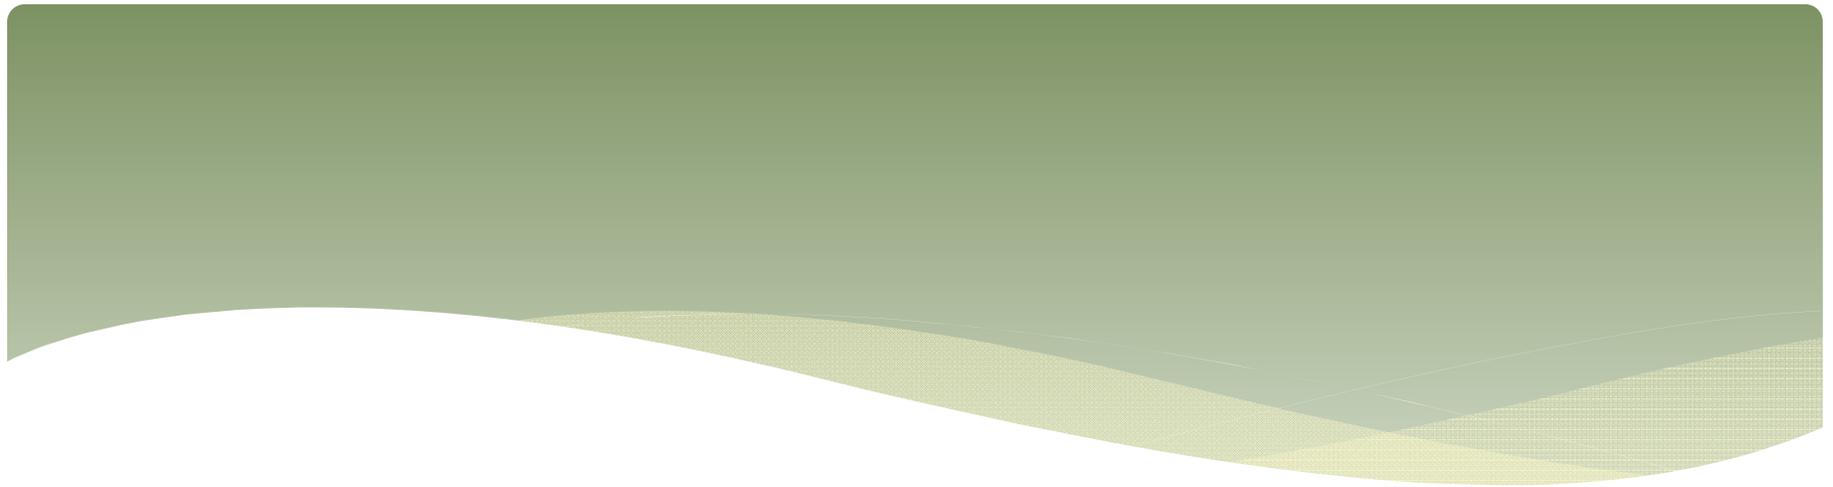

April 6, 2016, NOTE: The following slides contain “Wordles” that give a visual representation of the session comments. Larger words represent greater frequency of the comments.

SESSION ONE

In the first Roundtable Sessions, we told our stories about the things we liked and the things we did not like about Peachtree City. We also talked about our vision for the Peachtree City of the future.

What we would like more of...

SESSION TWO

In our second Roundtable Sessions, we told our stories about how we envision a city with balanced growth and the ability to maintain the things we like and value. We talked about choices we face regarding housing needs and the things that make Peachtree City a desirable place to live.

How do we maintain our natural resources...

What activities are most important to us...

A word cloud of community activities. The words are arranged in a roughly circular pattern, with 'cart paths' being the largest and most central. Other prominent words include 'fireworks', 'organized walks', 'community garden', and 'library'. Smaller words include 'air show', 'farmers market', 'running events and triathlons', 'fourth of july parade', 'the fred', 'memorial day', 'peachtree city 101', 'virtual reading program', 'earth day festival', 'shakerag arts and crafts festival', 'all childrens playground', 'local sports tournaments', 'jewelry show', 'dragon boat', and 'earth day festival'.

air show earth day festival
virtual reading program peachtree city 101 farmers market
fireworks organized walks shakerag arts and crafts festival
running events and triathlons all childrens playground community garden
fourth of july parade cart paths local sports tournaments
the fred memorial day library jewelry show
dragon boat

What activities would you participate in...

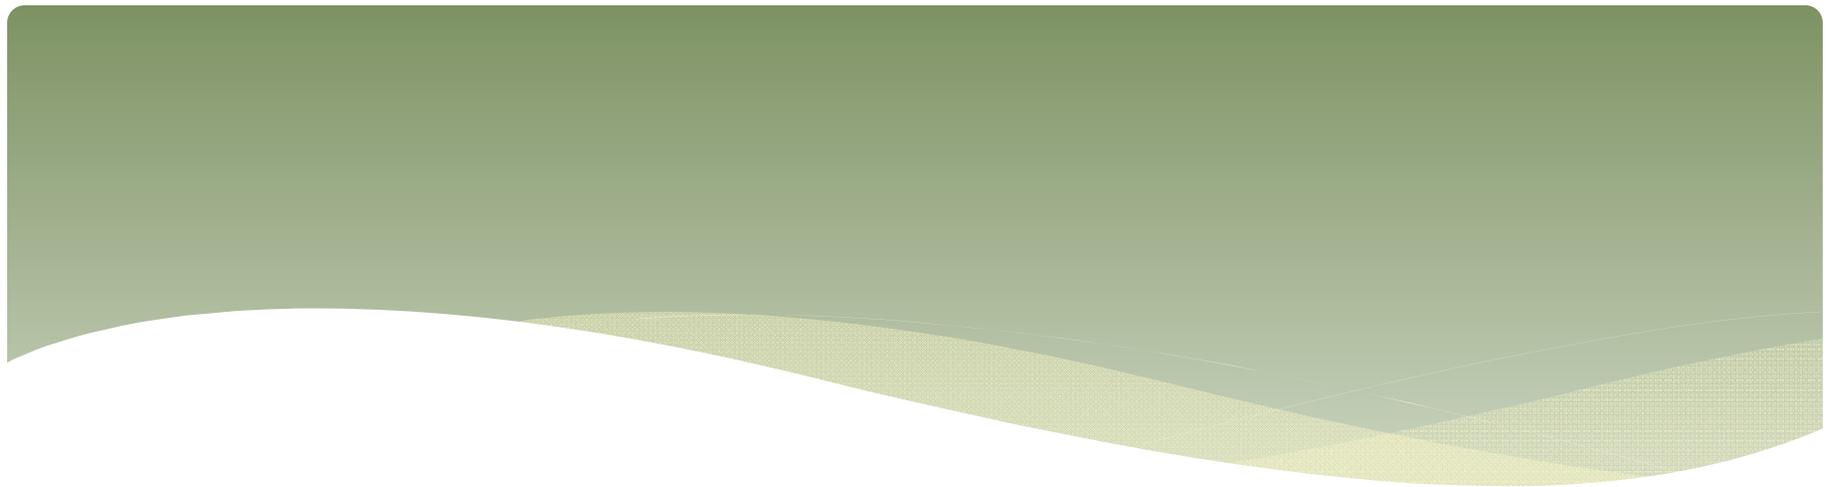

What housing options to we need...

maintenance
senior housing **live work shop**
low to moderate income
infill residential **entry level housing**
neighborhood redevelopment
aging population **increased density**
rental property

What would make a positive impact on the community...

benches and picnic tables along paths golf cart safety driving course
welcome packages in various languages events within each village
host family program upgrade tot lots as opposed to removing them bike tours
battery way park activities **expand path system** **bike lanes**
golf cart charging stations youth activities

scavenger hunt central website local restaurants
golf cart parking **community garden**
bicycle safety course
exercise equipment at drake field
aquatic center programming

SESSION THREE

In the third Roundtable Sessions, we shared our stories about the various groups and organizations that make up our community and the need to create a balance between the competing needs of these groups. We also talked about how we can establish a common ground regarding how we talk to each other, how we build community relationships and how we make decisions.

How do we notify residents of opportunities to participate...

encourage
get involved
forums with local businesses and industries
social media
identify and understand current trends
unite
promote events
special event signs
enable
community forums
marketing package
block parties at each village retail center
promote the city
bring the community together
interest groups
the individual parts equal the sum of the whole
engage
speakers bureau
participate
email database
common website

How do we encourage people to participate...

hands on peachtree city social media
recognize volunteers volunteer projects for families
respond to all applicants identify volunteer opportunities
provide training listen to their recommendations peachtree city 101 city wide picnic benefits of volunteering
community clean up day block parties coordinate with civic organizations
bring the community together maintain volunteer database challenge to take ownership
be realistic with time commitment city website community bulletin board
offer incentives

How do we foster dialogue...

communicate openly
centralized calendar
block parties
online registration
morale
accentuate the positive
effective leadership
radio
more roundtables
eclectic events
take ownership
update
social media
city sponsored on line newspaper
local business expo
city website
